Proudly part of

UnitingCare

## Welcome to St Andrew's War Memorial Hospital

St Andrew's War Memorial Hospital was built in 1958 as a living memorial to each and every man and woman who laid their life on the line to put their country first.

We deliver first class treatment and world class healthcare. Our difference is simple. We're guided by a sense of duty to provide the very best healthcare for our patients and their families. And we express that difference in two simple words that speak volumes – You first.

St Andrew's War Memorial Hospital is proudly part of UnitingCare, one of the largest private hospital groups in Queensland. As an outreach of the Uniting Church, UnitingCare provides person-centred care and support services to thousands of people every day of the year, enabling individuals, families and communities to live life in all its fullness – [unitingcareqld.com.au](http://unitingcareqld.com.au)

Thank you for choosing St Andrew's War Memorial Hospital. We look forward to supporting you to make your visit with us as comfortable as possible.

### **Acknowledgment of Country**

We acknowledge the traditional custodians of the land on which we work and serve. We acknowledge that these custodians have walked upon and cared for these lands for thousands of years. ### The Clerical Admission Process

A staff member will register your attendance and you will be asked to take a seat. Patients are admitted according to their procedure time, not their admission time to the hospital.

On admission we will ask you to confirm the information previously provided and sign the following documentation:

- + Health Fund Claim form.
- + Informed Financial Consent.
- + Acknowledgment and Disclaimer form.

At this time any applicable excess or co-payment not yet paid will be collected. Payments can be made by Credit Card, EFTPOS (limits apply) or cash at the Admission Desk. It is a requirement of your admission that we collect and store your credit / debit card details.

**Note:** The admission staff are aware of the theatre schedule and timing of other procedures you may need to undergo prior to surgery. We will make every effort to keep your wait to a minimum.

If you are being admitted for an operation or procedure, it is most likely that you will go directly from admissions to the Surgical Admissions Lounge and then to the ward post surgery. For your convenience we have monitors in the waiting area at reception and in the Little Birdee Café so that your relative or friend can track your journey throughout St Andrew's War Memorial Hospital.

## Going to theatre

You will be escorted to the Surgical Admissions Lounge by a volunteer if you are having surgery or a procedure. One support person or carer may accompany you. Your paperwork will be handed to the nursing staff in the Surgical Admissions Lounge by the volunteer. You will once again be asked to take a seat until you are called by the nursing staff who will prepare you for your procedure. You will then be escorted through to the procedural area and the nurse will ask you to confirm your medical history and assist you to change into theatre attire. Your surgeon and anaesthetist may visit you during this period.

## Children undergoing surgery

Please dress your child in two piece pyjamas and bring a soft toy. For bottle fed infants, you will need to bring pre-prepared formula.

We ask for your assistance in ensuring your child is supervised at all times.

For children under 14 years we respectfully ask that one parent accompany their child and be available during the recovery stage.

If both parents choose to attend, please note that only one parent will be allowed into the Day Surgery Unit at a time.

We understand that family units often consist of more than one child, however for the safety and privacy of yourself and others, we request only the child that is undergoing the operation attend the hospital.

## Speaking to your doctor after surgery

If your relative or carer would like to speak to your surgeon after your surgery, please give their contact details to the staff in the Surgical Admissions Lounge and we will request the surgeon to make contact after surgery.

## Going to the ward

If you are being admitted to a ward, arrangements will be made to escort you to the ward when your accommodation is available.

## Going home the same day

If you are having a Day Procedure, it is important that you comply with the following important requirements:

- + Arrange for a responsible person to collect and stay with you for the first 24 hours following your Day Procedure. If on admission, arrangements have not been put in place; your procedure may have to be cancelled.
- + Do not drive your car or use heavy equipment for the 24 hours following your procedure, as anaesthetic drugs cause drowsiness.
- + Do not sign any legal documents or make important decisions for 24 hours following your procedure.
- + The nursing staff will record the name and number of the person who is collecting you after your surgery / procedure. They will contact the nominated person and tell them the approximate time you will be ready to be collected. There is short term parking available at the front entrance for patient pick-up.
- + Follow the post-procedural instructions given to you and contact your doctor or present to an Emergency Department should you have any post-procedural complications.
- + If you are an Endoscopy patient following your procedure the results of your investigation will be sent to your General Practitioner (GP).

## Going home from the ward

Following an overnight admission, discharge time is usually between 9am and 10am. We ask that you respect this time so that we are able to accommodate other patients awaiting surgery or treatment. Before you leave, you will be provided with information relating to your medications, appointments and discharge instructions as appropriate.

You should plan ahead for your discharge as much as possible. If you believe you will require assistance once you go home, do not hesitate to alert our nursing staff who will arrange for our Complex Care Team to assist you.

## Smoking

Smoking is prohibited at all Queensland public and private hospitals and health facilities, and for five metres beyond their boundaries. These no-smoking laws apply at all times and include the use of all smoking products, including regular cigarettes and devices commonly known as electronic cigarettes (e-cigarettes).

Due to the smoking laws, nurses will not accompany or assist patients to exit the building to smoke, and patients leaving the hospital grounds to smoke do so at their own risk and/or cost. Patients with concerns about not being able to smoke while in hospital should discuss these concerns with their doctor.

For information regarding tobacco laws call 13 74 68 or to quit call Quitline on 13 78 48.
